

THE ALUMINIUM COLLECTION

Innovative doors and windows for modern living

WHY ALUMINIUM

Aluminium window and doors are enjoying a huge cultural renaissance and are steadily becoming the discerning homeowners product of choice.

whether this is because of its fantastic green credentials (100% recyclable) or its ability to be highly personalised with a virtually limitless choice of colours, it is steadily

becoming the architect and homeowner go-to solution for home renovation and new builds.

Did you know?

Aluminium Windows are great at keeping your home warm and secure.

Modern aluminium Windows are tested and accredited to meet the latest WER energy rating A, the industry benchmark for great thermal performance.

Limitless Colours and Design

Today's aluminium windows and doors are manufactured using the latest production methods, ensuring that there are bespoke solutions available in even the most demanding situations. This coupled with the ability to supply in an almost limitless variety of colours means it is the new go-to product for any sized project.

Robust and built to last

Aluminium by its nature is an incredibly strong & resilient material, with a lifespan expectancy of over 20 years. Its ability to be fully recycled makes it the specifiers choice for commercial and domestic projects .

COLOURS

Choose from a huge range of colours, from the increasingly popular agate grey to a timeless cream window or door. In addition, you can choose whether you would like a matt or gloss and even smooth or textured finish to your products.

Your home, your choice.

HARDWARE

Whilst the choice of your frame colour and design is an important decision, equally as important is the choice of handle that is fitted to your new windows and doors.

We have selected our handles based on their security, ergonomics, reliability and of course their aesthetic appeal.

Whether it be something traditional or if you want a more contemporary feel, you can be sure we have a colour and design that will suit your needs.

PAS24
Enhanced Security Performance

SECURITY & THERMAL PERFORMANCE

Your new windows and doors will look amazing, now you need peace of mind that your products will keep you feeling safe, secure and warm for the long haul.

For that reason, our products are independently tested to comply with benchmark industry standards such as PAS 24 for security and thermal performances that are fully compliant with all current UK building regulations.

MY BEST FEATURES

- Superior thermal performance
- Contemporary styling
- Cantilever (floating corner) bi-folding doors available
- Slim meeting stiles
- Colour matched accessories
- Choose from a wide range of contemporary colour options
- High security locking
- 25 year powdercoat finish paint guarantee
- Independently security tested to exceed industry standards

Smoothfold bi folding door handles have been selected to enhance your choice of door and to provide the discerning homeowner with a choice to suit their home.

The smooth curved edgeless form of this handle not only looks good but offers a level of security which is hard to beat as it is impossible for mole grips or pliers to grip.

This coupled with leading anti corrosion performance, 30 times better than the required standard, means your handles will continue looking sweet for years to come – and they are guaranteed for 20 years!

ENHANCE YOUR NATURAL LIGHT WITH SMOOTHSASH WINDOWS

We are thrilled to present our collection of SmoothSash windows, meticulously crafted to elevate the aesthetics and functionality of your living spaces.

Our aluminium SmoothSash windows combine sleek design with exceptional performance. Crafted with precision engineering and using high-quality materials, these windows are built to withstand the test of time.

One of the key advantages of our SmoothSash windows is their excellent thermal efficiency. Featuring thermally broken frames and advanced glazing options, these windows help to minimise heat transfer, providing optimal insulation and reducing energy consumption. Enjoy a comfortable living environment all year round while potentially reducing your energy bills.

Enhanced Security

In addition to their energy-efficient properties, our SmoothSash windows are designed with security in mind. With robust locking mechanisms and durable construction, they offer peace of mind, ensuring the safety of your home and loved ones.
